What is Cambridge IGCSE?

Cambridge IGCSE is the world's most popular international curriculum for 14–16-year-olds, leading to globally recognised and valued Cambridge IGCSE qualifications. It is part of the Cambridge Secondary 2 stage.

Schools worldwide have helped develop Cambridge IGCSE, which provides excellent preparation for the Cambridge Advanced stage including Cambridge International AS and A Levels and Cambridge Pre-U, as well as other progression routes. It incorporates the best in international education for learners at this level. It develops in line with changing needs, and is regularly updated and extended. Cambridge IGCSE teachers can draw on excellent resources, training and advice from subject experts.

Cambridge IGCSE encourages learner-centred and enquiry-based approaches to learning. It develops learners' skills in creative thinking, enquiry and problem solving, giving learners excellent preparation for the next stage in their education. Schools can build a core curriculum, extend it to suit their learners and introduce cross-curricular perspectives. Clearly defined learning outcomes and content, mean Cambridge IGCSE is compatible with other curricula and is internationally relevant and sensitive to different needs and cultures.

Cambridge IGCSE develops learner knowledge, understanding and skills in:

- Subject content
- Applying knowledge and understanding to familiar and new situations
- Intellectual enquiry
- Flexibility and responsiveness to change
- Working and communicating in English
- Influencing outcomes
- Cultural awareness

Cambridge IGCSE is recognised as a reliable record of attainment by universities and employers around the world. Many universities worldwide require a combination of A Levels and IGCSEs to meet their entry requirements. In the UK, Cambridge IGCSE is accepted as equivalent to the GCSE

Programmes for full time students
